

A man in an orange shirt is working on a machine, possibly a compressor, at sunset. The background is a warm, golden glow from the setting sun. The man is looking down at the machine with a focused expression. The shirt has "Mike" and "HITACHI" written on it.

HITACHI

Air Compressor Servicing and Spare Parts

Maximise your air compressor's lifespan with Hitachi Global Air Power's comprehensive Servicing and Parts solutions. Backed by an expert team who are dedicated to keeping your operations running at peak performance.

Why service with us?

Because your compressed air system deserves more than just maintenance - it deserves a team that's invested in your equipment. At Hitachi Global Air Power, our factory-trained technicians, expert Service and Parts Coordinators work together to deliver reliable, end-to-end compressor servicing. With nationwide coverage, fixed-cost care plans, and a customer-first approach, we keep your operations running smoothly, safely, and efficiently.

Nationwide network: With factory trained technicians strategically located across Australia, you can count on consistent, high-quality servicing and support, no matter where you are.

Service Care Plans: Take the guesswork out of compressor maintenance with fixed costs, clear service coverage, and savings on genuine parts. Backed by expert support- from a team that knows your system inside and out. Protect your investment and keep your air system performing at its best.

Genuine parts: Only genuine parts are purpose-built for your compressor-preserving system integrity, ensuring peak performance, and protecting your investment. Don't risk downtime or damage with substitutes. Trust the parts designed to do the job right.

24/7 support: You'll have peace of mind knowing our dedicated team is always ready to support you. No matter the make or model, know you can count on our 24/7 emergency support hotline.

One Team. Three Brands. Total Expertise.

HITACHI

Call us today at 1300 266 773 to speak to one of our expert team.

Genuine parts, expert knowledge.

Back your air compressors with the genuine parts that were made for it.

Whether you're maintaining a **Hitachi, Sullair, Champion** - or compressors of any make or model - we're here to help. We support you in all your compressor spare part needs, ensuring you get the right fit for your equipment and operation.

When it comes to Hitachi, Sullair, and Champion compressors, our genuine parts are purpose-built to deliver peak performance, protect your investment, and preserve system integrity. Don't risk downtime or damage with substitutes - trust the parts designed to do the job right.

The value of genuine parts

Optimised performance

Genuine parts are precisely engineered and quality tested for your equipment, leading to maximised efficiency, reduced energy consumption and consistent peak performance.

Extended equipment lifespan

High-quality, perfectly fitting genuine parts minimise wear and tear on other components, resulting in fewer breakdowns and a significantly longer lifespan for your valuable assets.

Maintained warranty

Using our genuine parts and servicing is required to maintain the equipment's extended warranty.

Minimised downtime

Genuine parts offer superior reliability, significantly reducing the risk of unexpected breakdowns and costly production interruptions.

Your Dedicated Compressor Spare Parts Team

We understand that timely parts delivery is critical to your operations. That's why we have a dedicated team committed to ensuring your compressor parts get to you exactly when you need them.

When you order with us, you gain access to a team that's more than trained; they're invested in keeping your equipment performing at its best, so you can focus on what you do best.

Genuine parts, expert knowledge.
The only way to truly protect your investment.

Our parts offerings

Genuine spare parts

Ensure optimal performance and longevity with parts designed specifically for your Hitachi, Champion or Sullair equipment.

Parts kits

Convenient, pre-packaged kits for routine maintenance - streamlining your service process. Customisable to suit your specific equipment and operational needs.

Critical spare part kits

Be prepared for the unexpected. Our kits include essential components bundled together to support urgent repairs and unexpected maintenance. Keeping them on hand helps minimise downtime during critical operations and ensures your compressor stays up and running.

Local parts availability

Branches nationwide stocked with genuine spare parts - ready when you need them.

Back your air compressors with the genuine parts that were made for it.
